Dear Mr Winton

INFORMATION NOTICE – RENEWAL OF ACCREDITATION OF FIVE COURSES
("extension of the period of accreditation of an accredited course") (ACC3A)
(issued under Section 47B & 47C of the *Vocational Education, Training and Employment Act 2000*)

National Code	Course Title
30342QLD	Diploma of Permaculture
30343QLD	Certificate IV in Permaculture
30344QLD	Certificate III in Permaculture
30345QLD	Certificate II in Permaculture
30363QLD	Certificate I in Permaculture

Your application to renew the period of accreditation for these courses is approved until 29 February 2009

The amended accreditation period for these courses is from 30 June 2003 to 29 February 2009.

This is to allow for the review of the Conservation and Land Management training package. Upon review, you will need to ascertain if Permaculture or any Permaculture units have been added to the training package. If this occurs then the courses would be duplicating qualifications and therefore would not be reaccredited.

Should any further extensions be required, you are reminded that an application is to be made "at least three months before the accreditation expires" (section 47C of the Act.)

Ongoing Monitoring and Evaluation Requirement

You are reminded that, as the course copyright owner, you have given a commitment to undertake ongoing monitoring and evaluation of these courses.

During the renewal of accreditation period you are required to monitor relevant Training Packages to evaluate if the qualifications or units of competency meet your needs and allow your organisation to transition to those qualifications or units of competency.
